EDUCATION

Brigham Young University

Apr 2024 - Present

Doctor of Philosophy: Computer Science, Emphasis in Human-Computer Interaction

Provo, UT

- Academic Scholarship
- Member of Graduate Studies Association
- Relevant Coursework
 - Software Engineering
 - AI Agentic System
 - Algorithm Design & Analysis
 - Human-Computer Interaction (HCI), Privacy
 - HCI, Outdoor and Recreation

Brigham Young University - Idaho

Sept 2020 – Dec 2020

Bachelor of Science: Computer Science, Emphasis in Web Design and Development

Rexburg, ID

Minor in information Technology

- Applicable Certifications received at BYU
- BYU management Society
- Relevant Coursework
 - System Security
 - Cyber Security
 - Software Application
 - Web engineering

SKILLS (Focus on Hard Skills)

Proficient- Python, C++, SciPy, Seaborn, Pandas(software), Quantitative and Qualitative Research, PHP, Account Reconciliation, Financial Transaction Processing, MATLAB

Moderate- Java,

Beginner- MySQL

EXPERIENCE

Brigham Young University

Apr 2024-Present

Research Assistant

Provo, UT

- Supervising, I lead a team of students in a research lab to assist and help in the learning process of effectively doing and presenting research work. With the team of students, we were able to run a study and presented our results to a top research conference in the Human-computer Interaction called CHI
- Running a study, running a study of How Technology affordance impact human engagement with nature during a day hike and possible design implications that could improve human interaction with nature to improve wellbeing.
- Leading a toe-sensor project, working with students in the lab to create a prototype that could facilitate easy interaction with interactive technologies while minimizing distractions.

Societe Generale – Head Office

Oct 2021-Jul 2023

Reconciliation Officer

Accra, Ghana

- Reconciled daily transactions across internal ledgers, central bank, and correspondent banks, ensuring 100% alignment of financial records and reducing reporting errors
- Resolved discrepancies in suspense and clearing accounts by investigating breaks and liaising with branches, cutting outstanding items by 30% within 6 months.
- Monitored unusual entries and escalated high-risk items, strengthening fraud prevention and regulatory compliance.
- Collaborated with treasury, operations, and IT to streamline reconciliation processes, leading to a 20% faster turnaround time on exception handling.

- Prepared and submitted daily, weekly, and monthly reconciliation reports for senior management, enabling timely decision-making and audit readiness.
- Improved reconciliation accuracy by introducing process controls and automation, saving a significant hours per week in manual checks

Missionary Training Center of The Church of Jesus Christ of LDS

Jan 2018-Dec 2019

Instructor

Accra, Ghana

- **Missionary Skills Training,**
 - Train missionaries in teaching skills using Preach My Gospel (the missionary guide).
 - Conduct role plays, practice lessons, and feedback sessions to prepare missionaries for real-world conversations.
 - Provide guidance on working with companions, building trust relationships, and adapting lessons to individuals.
- **Language Instruction,**
 - Teach missionaries to speak, listen, read, and write in their assigned mission language.
 - Use immersion techniques, practice conversations, and cultural insights to accelerate learning.
 - Assess progress and adjust instruction to meet different learning speeds.
- **Administrative and Reporting Duties,**
 - Maintain lesson plans, teaching schedules, and attendance records.
 - Communicate missionary progress to MTC leadership.
 - Ensure training materials align with Church standards and curriculum.
- **Mentoring and Support,**
 - Provide one-on-one coaching to missionaries who struggle spiritually, emotionally, or academically.
 - Foster confidence, discipline, and enthusiasm in a challenging training environment.
 - Offer encouragement and feedback to help missionaries grow in maturity and responsibility.

VOLUNTEER EXPERIENCE

The Church of Jesus Christ of LDS

Apr 2015 - Apr 2018

Missionary

Abidjan, Ivory Coast

- **Teaching and Sharing the Gospel,**
 - Teach individuals and families about the doctrines and principles of the Church using Preach My Gospel.
 - Bear testimony of Jesus Christ and invite people to develop faith, repent, be baptized, and live the gospel.
 - Adapt lessons to meet people's needs, backgrounds, and cultures.
- **Leadership Training,** develop leadership, communication, teaching, and organizational skills that extend beyond missionary service.
- **Service and Community Engagement,** provide humanitarian and community service, such as helping with local projects, supporting families in need, or disaster relief

SKILLS/INTERESTS/ACHIEVEMENTS/ABILITIES

- **Languages and Proficiency**
 - English, Native
 - French, Professional working proficiency
- **Certifications, Certificates and Licenses**
 - Faculty and Student Researchers - Responsible Conduct of Research License
 - Social and Behavioral Research Investigators/Mentors License
- **Awards & Honors**
 - 2025 BYU Professional Presentation Award

Research Conferences Invited

- | | |
|--|---|
| 1. NatureHCI: Towards Designing Computer-Enriched Nature Experiences | July 20 to July 25, 2025
Schloss Dagstuhl – Leibniz-Zentrum für Informatik |
| 2. American College of Sports Medicine (ACSM) 2026 Annual Meeting | May 26 to May 29, 2026
Salt Lake City – Utah |
| 3. CSCW 2026 Conference | October 10 to October 14, 2026
Salt Lake City – Utah |

RESEARCH PROTOTYPE

1. Toe Motion Sensor
 - a. Working on a toe motion sensor that would allow users to use their toes to control their devices allowing for easy concentration during outdoor activities. The user will be able to control functionalities such as music, photography, and activating a voice command to perform a task.

GITHUB PROJECT

1. Chess
2. Algorithm
3. QRcode generator
4. VoXAI
